

# 11 MAINTENANCE AND INSPECTION

---

There are no special inspection items as a network interface module; however, to maintain the best condition of the system, perform the inspection in accordance with the items described in either of the following manuals according to the system configuration of the master station used.

- MELSEC iQ-R series:  MELSEC iQ-R Module Configuration Manual
- Other than the MELSEC iQ-R series:  User's manual for the CPU module used
